

# SAVEONE

*Healing for women suffering in silence . . . help for women who have had an abortion.*

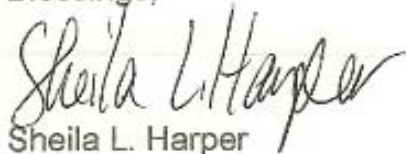

Dear Stacy and ARIN staff,

It is with much pleasure that I write to you and tell you how incredible I think you guys are. You have worked tirelessly in this cause that is so heavy on God's heart.

I have enjoyed our networking and feel we are much more powerful united than we are on our own. Abortion Recovery International is an idea that was a long time coming. For all our efforts in the post abortion arena to be put under one roof, so to speak, is an excellent tool for unity, but most importantly an incredible avenue for those who are hurting to find help.

Thank you for all you do that represents our cause with excellence but more importantly that signifies the grace, power, and might of our Lord and Savior Jesus Christ!

Blessings,

Sheila L. Harper
