### Affiliate Comments:

*"I have to tell you how exciting this is. Since we joined ARIN within the last month we have had several inquiries. Thank you again for the great work that you are doing."*

*"Abortion Recovering International, Inc, has been a HUGE help in getting our abortion recovery program/website up and running. We were really having a hard time trying to decide if we should renew our membership with ARIN because we felt like we were not getting any response from people needing help. However, ARIN helped us see that there were women seeking help but our approach and website was not "welcoming" to them. ARIN offered lots of valuable information as well as their time to help us know what direction to go. I am so glad we decided to renew our membership!"*
